

Eyelash Extension Certification

Babe™
Hair Extensions

What beautiful eyes you have!

Technicians will learn all they need to know in this 6 hour class for eyelash extensions. Participants will learn about the theory and growth cycle associated with natural eyelashes as well as proper placement and technique for eyelash extensions. Participants will learn several different styles for placing eyelashes, and the DO's and DON'T's associated with the placement. The educator will demonstrate on artificial lashes, as well as have model(s) for the entire class to take turns applying some lashes on. These are very technical, hands on training programs.
