In this class, we introduce you to the Blacklight lightening system and Calura color. Blacklight's technology offers vibrant blondes, while maintaining shiny, healthy and hydrated hair. This comprehensive lightening system caters to all your needs, from sensitive scalp, to high performance, to colour correction and even home care! CALURA offers innovative exothermic technology that was designed to maximize dye penetration and minimize hair damage. As a bonus, this heat allows a thorough penetration of the certified organic essences and keratin. The result is an incomparable radiant shine!
