MASTERING AESTHETIC HAIR

Cutting While Enhancing Color

Unlock the secrets to enhancing your color services with modern haircutting techniques in our comprehensive class, “Mastering Aesthetic Hair: Cutting While Enhancing Color.” Designed for professional stylists of all levels, this course combines hands-on training and live demonstrations to teach precision haircutting that complements and enhances hair color - creating a modern, aesthetic look tailored to your client’s lifestyle. These on-trend techniques include cutting soft perimeters, effortless layering, and achieving seamless color transitions with face framing and fringe. Invest in your craft and elevate your cutting skills to advance your career with practical approaches that combine haircutting and color application for stunning results. **Format: Look and Learn with Live Model Demo**
