

LIVED-IN DIMENSIONAL BLONDE CALIFORNIA YEAR ROUND

California lived-in color can be for everyone — bring this effortless aesthetic to your clients.

Whether your client is looking for a seamless grow-out, you are introducing a client to color or you want to amp up existing blondes, this technique is great to add to your service offerings.

We will share placement for dimensional pops and glossing techniques for a seamless blended finish.

EDUCATOR

Cyrus Miller
@cyrusmillerartistry

Cyrus has been fortunate to work with industry leaders who have shaped his lived-in color aesthetic and from those opportunities he has worked with high profile clients. Most importantly, he has learned the importance of collaboration.

Cyrus is excited to share his passion for hair color with other stylists and colorists. The goal is to help them learn how they can use Milbon to elevate their work and to learn from experience as we "share hair".
